QUALITAT ERSATZTEILE

Quality Assurance

At our organization, **quality is ensured at the source**. Each batch of products undergoes stringent validation processes led by our dedicated QA team. We comply fully with **ISO/TS-16949** and other relevant industry standards to deliver products that are not only **cost-effective** but also **exceed customer expectations** in terms of performance and reliability.

Our **in-house Testing & Validation/QA Lab** is equipped with advanced machinery and tools to simulate and test product performance under **static and dynamic conditions**, across **low, normal, and high temperatures**, ensuring optimum durability and efficiency.

Design & Tool Room Capabilities

We house a fully functional **in-house tool room for mould development and maintenance**, backed by a team of **highly skilled and professional design engineers**.

Our infrastructure includes:

- **VMC, EDM, CNC Turning Centres**
- **Surface Grinder, Lathe Machine, Milling Machine, Drilling Machine**
- **Tool & Cutter Grinder Machine**

Design and simulation are supported by advanced software tools like **CAD/CAM, Katia, and Idea-9**, enabling us to engineer sub-component parts **with or without OEM drawings**.

Our Strengths

We pride ourselves on a **state-of-the-art manufacturing facility**, integrating automation at every stage for consistent output and maximum efficiency. Key strengths include:

- Experienced **product development team** adept at handling complex product geometries.
- Fully **automated rubber compounding** systems.
- **Fiber Laser Cutting** technology for precision fabrication.
- In-house **Metal Stamping and Automatic Phosphating Plant**.
- **Automated Paint Booth and Powder Coating** setup.
- End-to-end **in-house testing facilities** and a well-equipped tool room with latest technology machines and software.
- To ensure consistent quality and eliminate defects due to human error or process variation, we have successfully implemented **5S and Kaizen** methodologies across our **production and operational processes**. These continuous improvement strategies help us maintain a highly efficient, clean, and error-free work environment, thereby boosting productivity and product reliability.
- In addition to operational excellence, we are committed to **unmatched customer support**. We offer a **single-window contact point**, available **24x7**, ensuring that our customers receive prompt assistance and real-time solutions without delays or complications.
