ISO 9001:2015
Certificate of Registration
This is to Certify that
Quality Management System of
STEEL IMPEX & INDUSTRIES
has been assessed and found to conform to the requirements of
ISO 9001:2015
for the following scope
Director
IAF
AQC GLOBAL LLC

CERTIFICATE
CERTIFICADO
CERTIFICATO
ZERTIFIKAT
Certificate of Registration
This is to certify that
STEEL IMPEX & INDUSTRIES
has been assessed by QCS and found to be
Compliant with the requirements of
IATF 16949:2016
"Automotive Quality Management System"
For the following scope:
"Manufacturing, Developing, Branding of Automobile & Engineering
Products including Taper Roller / Cylindrical / Thrust / Ball Bearings"
Certificate Number: QCS-2023-SMNR-0442
To verify this certificate please visit www.qcs.ae

Quality

- Quality is ensured at source.
- For every set of product, the QA team adopts specific validation processes, conducts performance checks along with the standard guidelines as per ISO/TS-16949 and other applicable standards.
- All the applicable industry standards are strictly adhered to ensure our products are cost effective and adhere to prescribed parameters to exceed customers expectations.
- The in-house Testing and validation/QA Lab is equipped with the most modern equipment for product performance testing in static and dynamic conditions in low, normal and high temperatures.

Design & Tool Room

- In-house tool room for mould development and mould maintenance.
- Highly skilled and professional team for design and mould manufacturing.
- Has VMC, EDM, CNC turning centers, Surface Grinder, Lathe Machine, Milling Machine, Drilling Machine, Tool & Cutter Grinder Machine.
- software like, CAD/CAM, Katia & Idea-9 for mould design.
- Strength and capability to Engineered sub component parts with & without OEM drawings.

Our Strength

- State-Of-The-Art manufacturing facility with automation at every step.
- A well experience product development team with deep understanding of the most intricate products.
- Automated rubber compounding facilities.
- Fiber Laser Cutting,
- Metal Stamping Facilities
- Automatic Phosphating Plant
- Automated Paint Booth & Powder Coating
- Complete in house testing facilities and a well equipped tool room with latest technology machines and software.
- Implementing 5S, KIEZEN, in production & other process to avoid defect due to human change/error.
- Single window contact point for all our customers available 24X7 for customer support.
